I made some formatting changes to the letter (attached and on the share drive).

In the email, I can't keep the HQ "To" list straight so I assume these folks are all still with the agency. I added Elly to cc list. I changed it to America Rising and left off the 'n' in American which was a typo in the FOIA request. In the To and cc list, sometimes the first letter of people's names were capped and sometimes lower case. I also don't know why some email addresses had <> around them. I made them all consistent.

I am here tomorrow but at a meeting at SeaTac on Wednesday for most of the day. it would be great if this could go out tomorrow. I am acting for David this week so I will sign the letter.

Thanks, S-

Hello,

I made a few changes – I deleted the reference to the file path (given that there are none) and I changed "release" to "response."

Thank you.
